Experience

Baptist Memorial Hospital Memphis | TN, Memphis **Registered Nurse | 10/2018 - Present**

Float Pool

January 1, 2021-Present

As a nurse in the Float Pool, I'm adept in both stepdown and med-surg units across various specialties. I deliver adaptable, high quality care by swiftly acclimating to diverse clinical environments, managing complex patient conditions, and seamlessly integrating into multidisciplinary teams to ensure optimal patient outcomes.

Cardiovascular Stepdown

October 22, 2018-December 31, 2020

As a nurse on CV stepdown, I provided care for patients receiving treatment for a range of cardiac related diseases, including: coronary artery disease, valve disease, heart failure, cardiac arrhythmias, etc. A large percentage of the patient population consisted of patients undergoing and recovering from high risk, significant surgeries such as Coronary Artery Bypass and Valve Replacements.

Regional One Medical Center | TN, Memphis **Registered Nurse | 10/2021 - 04/2022**

Trauma Stepdown

Cared for patients recovering from blunt force trauma, gunshot wounds, spinal cord injuries, and emergency surgeries-managing chest tubes, neuro assessments, and complex medication regimens on a fast-paced trauma stepdown unit.

Magnolia Regional Health Center | MS, Corinth **Registered Nurse | 05/2017 - 10/2018**

Cardiac Progressive Care Unit

Specialized in monitoring and managing patients with complex cardiovascular conditions, such as acute coronary syndromes and heart failure, providing advanced interventions such as titrating vasoactive medications and interpreting continuous telemetry to ensure optimal cardiac function and patient outcomes.
